

PRACTICE SHEET

Directions: Given below are pairs of sentences (S1, S2). Select the co-relationship of the second sentence to the first from among the options (a), (b), (c), and (d), and mark your response on the Answer Sheet accordingly.

1. **S1:** Civics classes focus on citizenship and governance
S2: The subject develops concepts that enable the reader to apply knowledge about government and the state to the idea of participative citizenship.
The second sentence
(a) expands the first
(b) contrasts with the first
(c) proposes a solution
(d) states an effect
2. **S1:** China has made rapid economic strides but at the cost of democracy.
S2: India has followed a path towards rapid economic growth, but by abiding by the norms of a democratic polity
The second sentence
(a) negates the first
(b) explains what is stated in the first
(c) offers a contrast to the first
(d) confirms the first
3. **S1:** The concept of right or wrong needs to be determined on the basis of principles.
S2: When it comes to matters related to the field of human rights, positions should be based solely on principles.
The second sentence
(a) establishes the first
(b) develops an axiom based on the first
(c) contradicts the first
(d) delegitimizes the premise of the first
4. **S1:** The concept of Ahimsa was adopted by Gandhiji after he was introduced to it by Tolstoy. The latter first read about it in German translation of Thirukkural, the great moral treatise in Tamil.
S2: Much in the same way that Gandhi was influenced by Tolstoy, in the United States of America, Martin Luther King Jr. shaped his Civil Rights Movement based on Gandhian principles.
The second sentence

- (a) Counters the first
- (b) defends the premise of the first
- (c) provides an analogy for the first
- (d) explains the first

5. **S1:** The best ever cricket captain India has ever had is XYZ
S2: As captain, XYZ has won considerably more matches for India than any other captain
The second sentence
(a) rebuts the first
(b) is the premise for the first
(c) contrasts with the first
(d) dilutes the first
6. **S1:** The Cold War was characterized by political tension, ideological conflict, and an arms race between the United States and the Soviet Union.
S2: Despite the rivalry, both nations avoided direct large-scale military conflict with each other.
(a) contrasts with the first
(b) confirms the first
(c) expands the first
(d) provides an exception
7. **S1:** The digital divide refers to the gap between individuals who have access to modern information technology and those who do not.
S2: Expanding affordable internet connectivity and digital literacy programs can help bridge this divide.
(a) proposes a solution
(b) reinforces the first
(c) contradicts the first
(d) confirms the first
8. **S1:** Mahatma Gandhi's philosophy of non-violence inspired freedom movements not only in India but across the world.
S2: Leaders like Martin Luther King Jr. and Nelson Mandela drew upon his methods in their struggles against injustice.
(a) contrasts with the first
(b) confirms the first
(c) weakens the first
(d) provides an illustration

9. S1. The invention of the printing press in the 15th century democratized knowledge and accelerated the spread of ideas.

S2. This technological breakthrough is often credited with fueling the Reformation and the Scientific Revolution.

- (a) confirms the first
- (b) proposes a solution
- (c) expands the first
- (d) contrasts with the first

10. S1. Urbanisation in the 20th century brought new opportunities for employment, trade, and cultural exchange.

S2. It also led to the creation of slums, traffic congestion, and increasing strain on civic infrastructure.

- (a) reinforces the first
- (b) states a negative effect
- (c) contradicts the first
- (d) expands the first

11. S1: The concept of the social contract in political philosophy suggests that individuals agree to form societies and obey laws in exchange for the protection of their natural rights, such as life, liberty, and property.

S2: Philosophers like Thomas Hobbes, John Locke, and Jean-Jacques Rousseau have offered different interpretations of the social contract, with some emphasising security and others focusing on individual freedoms and democratic governance.

- (a) contradicts the first
- (b) contrasts with the first
- (c) confirms the first
- (d) reinforces the first

12. S1. The process of photosynthesis in plants converts light energy into chemical energy, using carbon dioxide and water to produce glucose and oxygen as byproducts.

S2. Photosynthesis takes place in the mitochondria of plant cells, where energy from the breakdown of glucose powers chemical reactions to produce oxygen and carbon dioxide.

- (a) contradicts the first

(b) contrasts with the first

(c) confirms the first

(d) reinforces the first

13. S1. The feminist movement has historically advocated for gender equality, challenging societal structures that have relegated women to subordinate roles in politics, economics, and culture.

S2. Despite significant progress in areas such as voting rights and workplace equality, challenges such as the gender pay gap, violence against women, and underrepresentation in leadership roles persist in many parts of the world.

- (a) contradicts the first
- (b) contrasts with the first
- (c) confirms the first
- (d) reinforces the first

14. S1. Neoliberal economic policies prioritise free-market capitalism, advocating for minimal government intervention, deregulation, and the privatisation of state-owned industries.

S2. Critics of neoliberalism argue that such policies exacerbate inequality, weaken social welfare systems, and lead to economic instability by prioritising corporate interests over the public good.

- (a) contradicts the first
- (b) contrasts with the first
- (c) confirms the first
- (d) reinforces the first

15. S1. The rise of the Ottoman Empire in the 14th century marked a significant shift in the geopolitical landscape of the Middle East and Eastern Europe.

S2. Through a series of successful military campaigns, the Ottomans extended their territorial control to encompass vast swathes of land, including Constantinople, which they conquered in 1453.

- (a) contradicts the first
- (b) confirms the first
- (c) contrasts with the first
- (d) reinforces the first
